### Puppy Wellness Packages

---

It's an exciting time to be a puppy parent! A happy, healthy pet can be such an important part of our lives. The Athens Veterinary Service is committed to your pet's health; therefore, we have developed **Pet Wellness packages** which provide care at affordable rates and convenient payment. These packages are based on our current recommendations for vaccines, parasite control, routine testing, and medical procedures.

See all of the information provided to see which package is the best fit for you and your pet!

## **Large Breed Puppy Wellness Premium Packages**

---

We know that all puppies don't grow at the same rate or achieve the same size; therefore, we created large breed puppy packages! Our veterinarians prefer to wait until your puppy is around one year of age before spaying or neutering her/him to allow for optimized growth in bones and joints. This will help prevent unnecessary orthopedic problems such as degenerative joint disease. Your veterinarian will let you know if your puppy would benefit from this package!

This package provides you with Preventative Care Exams & office visit fees including 1st year booster exam as well as an extra exam to be used within an 18 month period, Vaccinations (DHPP, DHLPP, Lyme & Rabies and 1st year boosters), Fecal Exam & 4DX Test (tests for 3 tick borne diseases & heartworm) and **Spay or Neuter** -*Surgeries include blood work, hospitalization (if doctor feels necessary), office visit, toe nail trim and a radio frequency surgical method which is less invasive and allows for faster healing times!*

MALE: 18 monthly payments of \$36 – OR - Pay a single payment of \$583

FEMALE: 18 monthly payments of \$40 – OR - Pay a single payment of \$648

## **Mature Canine Wellness Packages**
